*"The Heartbeat for Life in  
West Georgia!"*

Our "Declaration of  
Independence" declares:  
**IN CONGRESS, JULY 4, 1776**

The unanimous Declaration of the  
thirteen United states of America

"We hold these truths to be self-evident, that all men are  
created equal, that they are endowed by their Creator with  
certain unalienable rights, that among these are  
Life, Liberty and the pursuit of Happiness."

"Life ... Liberty .... and the Pursuit of Happiness!"  
Without meeting the first requirement in giving Life,  
then Liberty and the Pursuit of Happiness is unattainable!"

Some Life questions that you may have never given thought to:

- \* Abortion is legal in all 9 months of pregnancy!
- \* Since the 1973 Roe v Wade decision, there has been 60,000,000 babies aborted in the USA! (These are the amounts that have been recorded!)
- \* Babies aborted since '73 is 44 times those killed in all the wars-conflicts since the Revolutionary War!
- \* A baby's heart beat starts at 3-4 weeks after conception!
- \* All major organs are in place in a baby's body at 10-12 weeks! 12% of all abortions occur after 12 weeks.
- \* In a baby's nervous system, raw pain is felt 3X more than an adult at 14-16 weeks.
- \* At 60MM abortions since 1973, this would entail the combined current populations of:  
LA., MS., AL, GA, TN, NC, SC, VA., KY, OK, AR, W.VA.
- \* In the 2 minutes it took you to read this article, over 5 babies have been aborted in America. For more information on Life issue or to make a tax deductible contribution, feel free to call or write to:

## LOCAL PRO-LIFE UPDATES

### WGRTL-Carrollton Star News Monthly Op-Editorial

Because of your faithful financial support, WGRTL has been able to run Pro-Life ads in the Carrollton Star News and is now a monthly contributor in the Star's OP-ED section. Our monthly featured article, "**The Heartbeat of West Georgia**", contains informational Pro-Life updates on subjects that affect West Georgia, the State of Georgia and also National features. Pick up a copy on line or have it mailed to you through an annual subscription, you won't want to miss it! (**Find a copy of our January Op-Ed inserted in this newsletter**). WGRTL was also able to run Pro-Life radio spots this past fall on Gradick radio stations before and during our Stand for Life. WE ARE MAKING A DIFFERENCE!

### State Pro-Life Updates

**GRTL: The Leader in the Personhood Movement.** Personhood has fast-become the battle cry of the pro-life movement over the last decade!

**What is "Personhood?"** "Each individual human life has an **"unalienable" right to life, from its earliest biological beginning to natural death.**" This right would be guaranteed as is penned through the writings found in the 14th Amendment of our Constitution under the "just due clause" and also stated in our Declaration of Independence:

**Article 14: "No state shall make or enforce any law which shall abridge the privileges or immunities of citizens of the United States; nor shall any State deprive any person of life, liberty or property, without due process of the law; nor deny to any person within its jurisdiction the equal protection of the laws"**

**Declaration of Independence: "We hold these truths to be self-evident, that all men are created equal, that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty and the pursuit of Happiness"**

**What is an unalienable right?** "A right conferred by God, a right that cannot be abridged by government because it does not originate with a lesser authority!" Our founding fathers who drafted and penned the Constitution and Declaration of Independence nailed it some 244 years ago....**a person's right to life**, no matter its Size, Location, Environment or Dependence (SLED), should **NOT** have its "right to life" taken away from him or her!

Personhood is established in the light of God's Divine Law, a moral and Biblical perspective, versus that of the Natural law of man. This perspective is presented in the book of Genesis and is the basis of Personhood's philosophy and teachings of "Imago Dei", which means "in the image of God".

**Genesis 1:27: "So God created man in his own image; in the image of God He created him; male and female created he them"**

### National Pro-Life Updates

- **AUSTIN, Texas (LifeSiteNews)** — On the heels of the Texas Heartbeat Act, pro-lifers can welcome another victory in the state, as Gov. Greg Abbott (R) signed into law a bill prohibiting physicians or health care providers from giving women an "abortion inducing drug" after seven weeks of pregnancy.
- **SACRAMENTO (LifeSiteNews)** — California's Democratic Gov. Gavin Newsom signed two radical new pro-abortion bills Wednesday, dramatically extending abortion safeguards in California in direct response to Texas' recent sweeping ban on nearly all abortions. One of the bills will make it easier for minors in California to hide abortions and transgender procedures from their parents. The second bill will slap new restrictions and penalties on pro-life activists in the Golden State who engage in protests outside abortion clinics.
- **WASHINGTON (LifeSiteNews)** — Driven by fears that the Supreme Court may be on the verge of overturning the landmark pro-abortion ruling Roe v. Wade, the U.S. House of Representatives voted 218-211 Friday to pass legislation that would enshrine abortion on demand in federal law.
- **WASHINGTON (LifeSiteNews)** — Republicans in both the U.S. House of Representatives and the Senate have introduced a bill that would financially assist mothers and discourage abortion by allowing mothers to claim tax credits for their unborn children.
